

MASSACRE TAKES PLACE AT SIANFU

Chinese Officials Confirm Killing of Foreigners and Manchus.

LEGATIONS TAKE NO ACTION

Diplomats Unable to Protect Their Countrymen and Women Without Strong Invading Force and Fear Reports of Wholesale Killings Will Prove Correct—Schoolmistress, Five Foreign Children and a German Among the Slain.

Peking, Nov. 21.—Chinese officials confirm the report that a massacre of foreigners, as well as Manchus, has occurred at Sianfu. The legations believe that the report will prove true. There were forty foreigners in Sianfu and many missionaries in the smaller Shensi towns.

Only Chinese reports have been received regarding the massacre. There has been no telegraphic or postal communication with Sianfu for more than three weeks.

The Swedish missionaries, Messrs. Sandberg and Erickson, arrived here from Tientsin. They said a telegram had been received from Sianfu, before their departure from Southern Shensi, telling of the murder of Mrs. Beckman, a schoolmistress, and five foreign children.

Many Chinese girls in Miss Becking's school, who were mistaken for Manchus because of their big feet, were reported to have been murdered. A German, Philip Mann, who is in the Chinese postal service, was among others killed.

Messrs. Sandberg and Erickson say that a magistrate in their town offered them \$400 each to leave the province. Shensi probably is the most anti-foreign province in China proper, not having received a lesson at the hands of the foreign troops in 1900.

Population Nearly a Million.

At Sianfu, a city of nearly a million inhabitants, the English Baptists have two stations with six men and seven women missionaries. Also there is in the city the Society of the Brethren, an English organization, with two men and three women missionaries. The Young Men's Christian association is the only American institution which has workers in the local field of Sianfu.

Highwaymen in Honan attacked and robbed a party of fugitive missionaries, injuring one of them. Nowhere else apparently have foreigners been attacked, the rebels everywhere giving them protection, but it is feared that lawlessness will increase. The Peking government is powerless beyond Honan and Chihli.

The legations have taken no action, but they have the reported killing of foreigners under consideration. Without a strong invading force, however, nothing can be accomplished beyond the reach of the Yangtze gunboats. Most of the legations advised their countrymen in the interior to escape three weeks since. Many disobeyed, believing they were in no danger, though some of the women and children were sent to the coast.

Peking awaits the result of the impending battle of Nanking. Thousands of neutral Chinese will declare for the winning side when news of the outcome of the clash between the Manchus and rebels reaches the capital. Meanwhile this city is quiet.

The national assembly has decided to memorialize the throne for the adoption of the Western calendar and the cutting off of the queue.

Holungkiang, the northernmost province of Manchuria, has declared its independence. The governor has been elected president.

BLAMES RAILWAY FOR WRECK

Inspector Reports Company Knew Rails Were Defective.

Washington, Nov. 21.—The Lehigh Valley Railroad company was held responsible for the wreck at Manchester, N. Y., Aug. 25, when twenty-nine persons were killed and sixty-two injured, in a report submitted to the interstate commerce commission by Hiram W. Belknap, chief inspector of safety appliances. He reported that the fact that there were defective rails in the service of the character of the rail which caused the disaster, as evidenced by letters of instructions to subordinates which are now in the hands of the commission.

Speaker at Ohio Banquet Eulogizes Former President.

SEVERELY CRITICISES TAFT

Former United States District Attorney J. J. Sullivan Calls Roosevelt the "Foremost Citizen of the World" and Says People Are Awaiting Taft's Return to Private Life With the Open Arms of a Hearty Welcome.

Youngstown, O., Nov. 21.—A call for the "foremost citizen of the world, Theodore Roosevelt," to bear the standard of the Republican party in the struggle for the presidency next year was voiced at the banquet of the Garfield club of the Nineteenth congressional district of Ohio.

John J. Sullivan, former United States district attorney, was the speaker who named Colonel Roosevelt for the nomination of his party. His speech was made at the club's annual celebration of the anniversary of the birth of the late President James A. Garfield, who attended congress from this district.

Concluding an arraignment of Mr. Taft as president Mr. Sullivan said: "To the president the Republican party and the American people are now sounding in his unwilling ears the tocsin of his recall from power and are awaiting his return to private life with the open arms of a hearty welcome."

Answering his own inquiry as to who should lead the party in 1912 the speaker said:

"If I mistake not the prevailing sentiment of the masses their eyes are turning toward a faithful friend who has been tested and tried and found true, whose heart beats in rhythm with the pulse beats of humanity everywhere—the foremost citizen of the world—Theodore Roosevelt."

An attack on the present national administration was the keynote of an address by Judge R. M. Wanamaker of Akron, read at the meeting. "Think," said Judge Wanamaker, "of a great national administration in this, the Twentieth century, gathering to its arms and having as its chief defenders the Knoxes, Wickershams, Wilsons, Ballingers, Lorimers and McCabes, who were simply the stool pigeons of the special interests."

"Popular government never was on trial like it is today. Progressive Republicans demand that political power be placed back in the hands of the people; and if it be not returned through the Republican or Democratic party the new party of Socialism will return not only that political power but very largely private and corporate property to the hands of the people."

NOT OUT FOR THIRD TERM

Senator Crawford Says Roosevelt Favors La Follette.

Detroit, Nov. 21.—That Theodore Roosevelt is not out for another term and is not a "stool pigeon for Morgan," as reported in New York, but in reality has broken with President Taft and his policies in favor of La Follette, were statements made here in an interview by Senator C. E. Crawford of South Dakota, who began a week's speaking tour in Michigan in the interests of the La Follette presidential campaign.

The statements came in answer to a question whether the senator knew anything about the report that the former president had privately assured leaders of the progressive movement that he was for La Follette instead of being out for another nomination for himself.

TRUST ASKS FOR REHEARING

Harvester Company Petitions Missouri Supreme Court.

Jefferson City, Mo., Nov. 21.—Quoting Theodore Roosevelt's recent declaration for a "square deal" for both the corporations and the public the International Harvester company filed in the supreme court of Missouri a motion for a rehearing in the recent case in which it was conditionally ousted from the state and fined \$50,000 on charge of violating the state anti-trust law. The gist of the motion is that the Harvester company ought not to be punished for the mere possession of power. It announced its "intention of vigorously resisting the fine."

TO IMPEACH MAYOR SEIDEL

Milwaukee Alderman at Large Says He Will File Charges.

Milwaukee, Nov. 21.—Formal notice was filed with the common council by Alderman at large J. P. Carney, a Democrat, that at the next meeting he would file formal charges preliminary to a trial for impeachment against Mayor Emil Seidel and City Clerk Carl D. Thompson, Socialist, for their alleged failure to do their duty in making up the 1912 tax roll.

Mayor Seidel recently notified the city council, which is controlled by Socialists, that Tax Commissioner Schutz, state Democratic chairman, had undertaken the property of the rich and overtaxed that of the working men. Schutz immediately retorted that the mayor and city clerk had, as members of the board of review, been derelict in their duty in not correcting these errors when they sat on the board of review with him.

TELLS HOW TEN MEN PUT ON COAT OF TAR

Witness Describes Abuse of Kansas Schoolteacher.

Lincoln Center, Kan., Nov. 21.—Chester Anderson, a laborer of Beverly, this county, related to a jury the startling story of how ten men of Lincoln county dragged Miss Mary Chamberlain from a buggy near Twelve Mile schoolhouse and administered a coat of tar to her naked body. The witness was implicated in the attack on the schoolteacher.

Under cross-examination Anderson admitted that he had never heard any gossip against Miss Chamberlain and said his part in the crime followed a talk at Clark's mill the day of the "party," when "Sheriff" Clark or Mr. Simms asked me if I would take Mary Chamberlain out that night; that they wanted to tar her. I said no."

Anderson told of how he had arranged with Edward Ricord to take the girl for a buggy ride and of going back to Clark's mill to notify the "gang." The night of the tarring Anderson and Delbert Kindelsperger drove to the scene in a buggy while other members of the mob came on motorcycles.

AUTO GAS KILLS CHAUFFEUR

Horse, Two Cows and Fifty Chickens Also Dead From Same Cause.

Eau Claire, Wis., Nov. 21.—Joseph Bavard, thirty-five years old, chauffeur in the employ of W. K. Coffin, president of the Eau Claire National bank, was found dead in Mr. Coffin's barn and in different parts of the barn were a dead horse, two dead cows and about fifty dead chickens.

The body of Bavard was in a kneeling position and leaning against a rear wheel of an automobile. He had been overcome by gas from the exhaust while engaged in pumping up a tire with an automatic pump.

THREE PAY DEATH PENALTY

Trio of Murderers Electrocuted at Sing Sing Prison.

Ossining, N. Y., Nov. 21.—A sigh coming from the body of Pietro Falletta, one of a trio of murderers killed in the electric chair in the Sing Sing state prison, gave rise to fears that the two shocks had not killed the Italian.

For an hour attending physicians worked over the body, applying every known method of resuscitation, but at the expiration of that time medical tests showed that Falletta was dead when taken from the chair.

The other two men put to death were Frank Schermerhorn, white, and Bert L. Brown, a negro.

UNDERWOOD TO DEFEAT CLARK?

Said to Be Winning Support From the Speaker.

ALSO FROM OTHER CANDIDATES

Where the Bryan Men Stand—Senator Culberson's Father Helped Draft Sherman Anti-trust Law—Plenty of Politics in Virginia—Some Autobiographies of Congressmen Are Modest.

By ARTHUR W. DUNN.

Washington, Nov. 21.—[Special.]—Let no one imagine that the Underwood movement in the Democratic party is not serious or that it has not very substantial backing. It is disappointing to friends of Champ Clark to find that men who were firmly convinced that he ought to be the standard bearer next year no longer ago than when congress adjourned are now taking up the name of Oscar Underwood and saying what a mighty good candidate he would make.

What is also surprising is to find that such sentiments are expressed by Missouri Democrats. Generally speaking, it may be said that they never have been any too anxious to have Clark made president. But the fact remains that Underwood is seriously considered and that many of those who were hoping for Governor Harmon have about concluded that Underwood is good presidential timber.

This Seems Curious.

I met three Bryan men recently, two of whom were formerly United States senators. All had for three campaigns ardently supported the Nebraska man. None of them would listen for a moment to the suggestion that Bryan should again be a candidate.

One was for Harmon, one for Wilson and the other for Clark. They had always agreed heretofore on everything and worked together. I expected to find them all united for Wilson. Politics is unfathomable.

Culberson Interested.

Aside from the general interest which he has in such question, Senator Culberson of Texas takes especial interest in the proposal to amend the Sherman anti-trust law.

Although that law bears the name of the former Ohio senator, there were other great lawyers who had a hand in making it, among them David B. Culberson, father of the present senator. That gives the senator a personal interest in the measure, and he wants to see how they are going to improve the act before it gets by him.

Makes No. 2.

When William J. Browning takes his seat in the house he will be the second member of that body who was a former employee. The other is Asher C. Hinds of Maine. Both were unexcelled in their positions, and both are welcomed as members by those whom they formerly served.

After a Scalp.

They never stop the game of politics in Virginia. All summer there was a political primary fight on for senators. They have just recovered from the election, and we now hear that several men have already announced themselves as candidates for the congressional seat of Carter Glass, who was badly beaten in his senate fight.

Relatives of the late Senator Daniel seem to desire the seat held by Glass. His son, Edward M. Daniel; his son-in-law, Fred Harper, and his nephew, Don P. Halsey, are already in the field. It is also said that the crowd known as the "machine" is after Glass' scalp.

Prevented a Hoodoo.

They have to be mighty careful about the United States senate. While workmen were engaged in fitting up the private and exclusive dining parlor for senators they were given lunch in the rooms so that they could devote more time to finishing the work.

One day the keeper of the restaurant found that thirteen workmen were sitting down to luncheon. He was flabbergasted for a moment for fear that "thirteen" would hoodoo the rooms, but he rushed out and secured a policeman to make fourteen and saved the new dining resort.

Department Not Concerned.

The navy department is not concerned about the portraits which adorn the silverware a state may present to a battleship. The department is wholly impersonal in such matters.

It did not reject the silver with the portrait of Jefferson Davis for the Mississippi or the silver with the portrait of Brigham Young for the Utah. Secretary Meyer has had to decide both questions, and he has said that the states shall decide.

Curiously enough there is not the feeling against men like Jefferson Davis and Brigham Young that there was two score years ago. As types of very able men they are recognized. As time recedes we measure men by their ability rather than the positions they have taken.

Democrat in Charge.

For the first time in eighteen years a Democrat is in charge of the Congressional Directory, the principal duty being the collection of congressional biographies—that is, what each congressman has to say about himself in the third person.

Sometimes these biographies make very interesting reading, as congressmen are not always modest in describing their deeds and virtues.

SARAH BERNHARDT.

Sixty-seven-Year-Old Actress to Wed Man of Twenty-six.

SARAH BERNHARDT TO WED

Aged Actress to Become Bride of Man of Twenty-six.

Paris, Nov. 21.—Sarah Bernhardt, the famous actress, is shortly to be married to Lou Telegan, a Flemish actor, twenty-six years old, who played subordinate parts in Bernhardt's company during her last American tour.

Mme. Bernhardt is the widow of Jacques Damala, whom she married in 1882. He died in 1889. Her honeymoon lasted but a few months. She quarreled with Damala and they separated without any apparent regret on Sarah's part.

Bernhardt, in her "memoirs," says she was born of Jewish parentage in Paris at 265 Rue St. Honore, Oct. 22, 1844, but in her infancy was baptized as a Roman Catholic.

The famous actress is a grandmother. Two years ago Mlle. Simone Maurice Bernhardt, the daughter of her son Maurice, married Edgar Gros of Paris. Her son Maurice is forty-six years old.

MEXICO TO MOBILIZE TROOPS ON BORDER

Prepares to Place Immense Force in the Field.

Mexico City, Nov. 21.—Orders to mobilize 25,000 men in a zone paralleling the northern boundary line was issued by the war department. The government is yet skeptical concerning the inauguration of the Reyes-Vasquez revolution, but should it be begun President Madero and his cabinet believe the army would be sufficient to check it.

All these troops will be under the order of General Geronimo Trevino, with headquarters at Monterey. The chief of operations will be General Guivinio Kobles, now at Torreon, in command of a thousand men who are being held in that city as a result of the strike.

The rurales and volunteers will be under command of Colonel Francisco Naranjo. With the exception of the rurales, most of whom will remain in the states of Durango and Chihuahua, the regular forces are almost equally divided between infantry and cavalry. In addition 2,400 volunteers of the state of Nuevo Leon, now under the command of Naranjo, have been detailed for service along the frontier.

Orders to the artillery have been limited to two batteries of mountain artillery of four guns each and four batteries of machine guns of two guns each. A corps of engineers and a medical corps will also be sent into the field immediately.

WORKING AGAINST REVOLT

American Officer Captures Three Mexicans and War Supplies.

Washington, Nov. 21.—The war department is moving with a degree of energy heretofore unknown in dealing with the incipient rebellion in Texas against President Madero's government in Mexico. Secretary Stimson received a telegram from General Duncan stating that Major Hagedorn, commanding a battalion of the Twenty-third infantry, had captured at Laredo Juan Merigo, a captain, and two privates of a company being organized there for revolutionary service in Mexico.

Major Hagedorn also captured forty guns, 20,000 rounds of ammunition and fifty dynamite bombs.

DYGART GOES UP FOR LIFE

Murderer of Man and Woman Sentenced at Anoka.

Anoka, Minn., Nov. 21.—"James Dygart, you can be thankful that capital punishment has been abolished in Minnesota," said Judge A. E. Giddings of Anoka county when Dygart pleaded guilty to the murder of Mrs. Frank Bolton and her cousin, Frank E. Rhodes, on the Bolton farm, near Anoka, Sept. 10.

"Can't we have it back again? That would suit me," retorted Dygart. He was at once sentenced to the state prison for life.

These statements followed Dygart's cold blooded avowal to the court of those crimes and the murder of John Hofetede in Poula, Wis.

PACKERS PLAN FURTHER DELAY

AFTER SALOON LICENSES Growth of Mining Industry Causes Many to File Applications With County Commissioners

The growth of the mining industry has caused numerous applications for liquor licenses to be filed with the county commissioners, and the following three will be considered at their December meeting, December 5th.

Max Greenberg has applied for a saloon license in section 3-46-29. It is in this section that the Cuyuna-Mille Laes Iron Co. is engaged in sinking a shaft under the supervision of Capt. Lanyon, of Duluth, and a mine will be in evidence next year adding another producer to the list of 1912 shippers.

Two miles northwest of this point John McNichols and Howard Olts wish to establish a saloon. Mr. Olts ran the first hotel in Cuyuna and then established the first hotel in Ironton.

At Ironhub, where the Soo ore trains are assembled on the north Cuyuna range John Hagberg has made application for a license. Ironhub is platted and the nucleus of a village has been formed. There is a store in the town, also school and other buildings.

Five drills of the Carlson Exploration Co. are working in section 17-46-29 and two in section 18 adjoining. Joe Herbst, formerly of Brainerd, has charge of the camp of men, 26 men being employed by the company.

The Cole & McDonald interests have four drills near the Carlson Exploration Co. work. It is rumored that a townsite will be established in this section next summer.

Rev. W. J. Horner Organizes Society at the Oak Lawn School House Last Sunday

Rev. W. J. Horner, pastor of the Peoples Congregational church, who preached his second service at the Oak Lawn school house Sunday afternoon, organized a branch of the Christian Endeavor society there after the church services. An election was held and the following officers were chosen:

President—Miss Gladys Sewall. Vice President—Miss Ada Dorr. Secretary—Miss Laura M. Young. Treasurer—Miss Hazel Sewall. Mrs. Murray was chosen superintendent of the Junior Endeavor society. Both branches will meet every Sunday. The school is situated on the Oak street road about three and one-half miles east of Brainerd.

Had Votes to Elect Lorimer.

Chicago, Nov. 21.—George W. Alschuler, present Democratic minority leader in the lower house of the Illinois legislature, told the senatorial investigating committee that on May 26, 1909, Lee O'Neil Browne, then minority leader, said "sufficient votes for William Lorimer for United States senator had been secured to insure his election." Lorimer was elected a few hours later.

Brainerd Opera House

The inauguration of vaudeville at the Brainerd opera house tonight will without doubt call out a large audience, and Manager Tom Brown states that he has secured acts which will prove satisfying and entertaining. In fact the two acts come to the house after winning success on all sections of the vaudeville circuit and are rated as headliners. The trio, Casad, Irvin and Casad, put on a comedy skit which deals with everyday life on a railroad and is replete with clean, wholesome and laughter provoking comedy. It is an act which will leave pleasant memories and take the mind off the cares and vexations of every day life. Little Olga, who stages an arial and gymnastic novelty, is known wherever vaudeville prevails and can always be counted to give something worth while. Her act is artistic as well as sensational. The program will also include a program of pictures Delux and has been specially selected for the evening.

SEVERAL RUMORS SPRING UP

Indicted Men Are Believed to Be Scheming for Short Cut to the United States Supreme Court—Government Attorneys Look for Demand for Individual Trials for Each of the Ten Defendants.

Chicago, Nov. 21.—Prospects of a sudden and unlooked for move on the part of the indicted Chicago packers to delay their trial beyond Wednesday of this week, to which date it was postponed by United States District Judge George A. Carpenter, increased after an extended conference between counsel for the meat dealers.

Several rumors have sprung up regarding what the move is to be. That which seems likely, and has been semi-officially verified by one interested in the National Packing company, is that the packers will appear for trial Wednesday, then ask Judge Carpenter for a continuance.

This would be based on a plea that the packers desire to follow a short cut to the supreme court.

Government attorneys were disinclined to credit this report, believing that a Fabian policy would be engineered by the packers on the basis of a demand for individual trials for each of the ten defendants.

Should the packers ask the continuance in open court several days probably would be consumed in argument. Since the federal supreme court has adjourned until Dec. 4 two courses would be open to the packers in making an appeal to Judge Carpenter for more time. One would be to advise him that upon notice to the government the defendants would ask Supreme Justice Day for a stay. Another, and the one hinted at by a person interested in the National Packing company, is that the appeal be made direct for a continuance until after Dec. 4, probably for sixty days, while the case is threshed out before the highest court in the land.

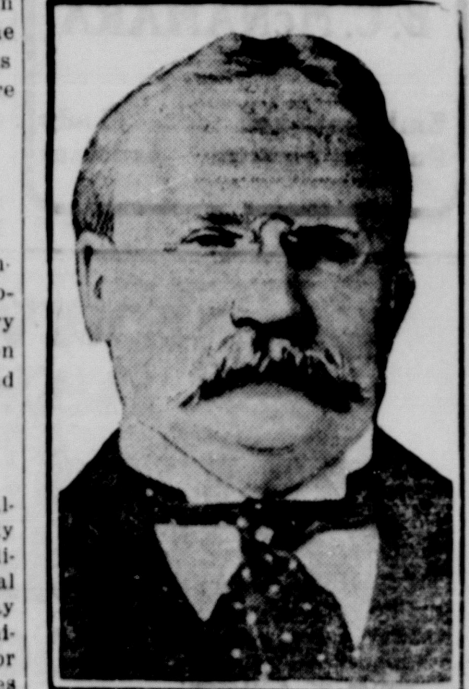

An attorney for the packers announced after the conference that there would be no secret moves made, but he confirmed the report that "sudden and surprising" action would follow.

NOTED SURGEON IS DEAD

Walter Wyman, Head of Marine Hospital Service.

Washington, Nov. 21.—Walter Wyman, surgeon general of the United States public health and marine hospital service, died at Providence hospital after an illness of several months.

The direct cause of Dr. Wyman's death was a carbuncle, which developed four weeks ago. The end came quite suddenly. Frank Wyman of St.

SURGEON GENERAL WYMAN.

Louis, a brother of the surgeon general, who arrived here ten days ago, was at the bedside.

The body will be taken to St. Louis and the funeral probably will be held there Thursday.

Dr. Wyman was unmarried. He was born in St. Louis in 1848.

Dr. Wyman was instrumental in having many laws passed for the benefit of the seamen and was also active in bringing about the establishment of sanatoriums for consumptives as well as leprosy investigating stations.

campaign.The statements came in answer to
a question whether the senator knew
anything about the report that the
former president had privately as-
sumed leadership of the progressive move-
ment that he was for La Follette in-
stead of being out for another nomi-
nation for himself.

TRUST ASKS FOR REHEARING

Harvester Company Petitions Missouri
Supreme Court.Jefferson City, Mo., Nov. 21.—Quot-
ing Theodore Roosevelt's recent de-
claration for a "square deal" for both
the corporations and the public the In-
ternational Harvester company filed in
the supreme court of Missouri a mo-
tion for a rehearing in the recent case
in which it was conditionally ousted
from the state and fined \$50,000 on
charge of violating the state anti-trust
law. The gist of the motion is that
the Harvester company ought not to
be punished for the mere possession
of power. It announced its "intention
of vigorously resisting the fine."

Happy Disposition.

A happy disposition is largely a dis-
position to make others happy. One
life permeates all things, and there

TO IMPEACH MAYOR SEIDEL

Milwaukee Alderman at Large Says
He Will File Charges.Milwaukee, Nov. 21.—Formal notice
was filed with the common council by
Alderman at large J. P. Carney, a
Democrat, that at the next meeting he
would file formal charges preliminary
to a trial for impeachment against
Mayor Emil Seidel and City Clerk Car-
d. Thompson, Socialist, for their al-
leged failure to do their duty in mak-
ing up the 1912 tax roll.Mayor Seidel recently notified the
city council, which is controlled by
Socialists, that Tax Commissioner
Schutz, state Democratic chairman,
had undertaken the property of the
rich and overtaxed that of the work-
ing men. Schutz immediately retorted
that the mayor and city clerk had, as
members of the board of review, been
derelict in their duty in not correcting
these errors when they sat on the
board of review with him.TELLS HOW TEN MEN
PUT ON COAT OF TARWitness Describes Abuse of Kan-
sas Schoolteacher.Lincoln Center, Kan., Nov. 21.—
Chester Anderson, a laborer of Bever-
ly, this county, related to a jury the
startling story of how ten men of Lin-
coln county dragged Miss Mary Cham-
berlain from a buggy near Twelve-
mile schoolhouse and administered a
coat of tar to her naked body. The
witness was implicated in the attack
on the schoolteacher.Under cross-examination Anderson
admitted that he had never heard any
gossip against Miss Chamberlain and
said his part in the crime followed a
talk at Clark's mill the day of the
"party," when "Sheriff Clark or Mr.
Simms asked me if I would take Mary
Chamberlain out that night; that they
wanted to tar her. I said no."Anderson told of how he had ar-
ranged with Edward Ricord to take
the girl for a buggy ride and of going
back to Clark's mill to the tariff the
"gang." The night of the tarring An-
derson and Delbert Kindelsperger
drove to the scene in a buggy while
other members of the mob came on
motorcycles.

was found dead in Mr. Coffin's barn
and in different parts of the barn were
a dead horse, two dead cows and about
fifty dead chickens.The body of Bavard was in a kneel-
ing position and leaning against a rear
wheel of an automobile. He had been
overcome by gas from the exhaust
while engaged in pumping up a tire

THREE PAY DEATH PENALTY

Trio of Murderers Electrocuted at
Sing Sing Prison.Ossining, N. Y., Nov. 21.—A sigh-
ing from the body of Pietro Fal-
letta, one of a trio of murderers killed
in the electric chair in the Sing Sing
state prison, gave rise to fears that
the two shocks had not killed the
Italian.For an hour attending physicians
worked over the body, applying every
known method of resuscitation, but at
the expiration of that time medical
tests showed that Falletta was dead
when taken from the chair.The other two men put to death
were Frank Schermerhorn, white, and

Where the Bryan Men Stand—Senator
Culberson's Father Helped Draft
Sherman Anti-trust Law—Plenty of
Politics in Virginia—Some Autobiog-
raphies of Congressmen Are Modest.

By ARTHUR W. DUNN.

Washington, Nov. 21.—[Special.]—Let
no one imagine that the Underwood
movement in the Democratic party is
not serious or that it is not very sub-
stantial backing. It is disappointing
to friends of Champ Clark to find that
men who were firmly convinced that
he ought to be the standard bearer
next year no longer ago than when
congress adjourned are now taking up
the name of Oscar Underwood and
saying what a mighty good candidate
he would make.What is also surprising is to find that
such sentiments are expressed by Mis-
souri Democrats. Generally speaking,
it may be said that they never have
been any too anxious to have Clark
made president. But the fact remains
that Underwood is seriously consid-
ered and that many of those who were
hoping for Governor Harmon have
about concluded that Underwood is
good presidential timber.

This Seems Curious.

I met three Bryan men recently, two
of whom were formerly United States
senators. All had for three campaigns
ardently supported the Nebraska man.
None of them would listen for a mo-
ment to the suggestion that Bryan
should again be a candidate.One was for Harmon, one for Wilson
and the other for Clark. They had al-
ways agreed heretofore on everything
and worked together. I expected to
find them all united for Wilson. Pol-
itics is unfathomable.

Culberson Interested.

Aside from the general interest
which he has in such question, Sen-
ator Culberson of Texas takes especial
interest in the proposal to amend the
Sherman anti-trust law.Although that law bears the name of
the former Ohio senator, there were
other great lawyers who had a hand in
making it, among them David B. Cul-
berson, father of the present senator.
That gives the senator a personal in-
terest in the measure, and he wants to
see how they are going to improve the
act before it gets by him.

Makes No. 2.

When William J. Browning takes his
seat in the house he will be the sec-
ond member of that body who was a
former employee. The other is Asher
C. Hinds of Maine. Both were unex-
celled in their positions, and both are
welcomed as members by those whom
they formerly served.

After a Scalp.

They never stop the game of polit-
ics in Virginia. All summer there was
a political primary fight on for sen-
ators. They have just recovered from
the election, and we now hear that sev-
eral men have already announced
themselves as candidates for the con-
gressional seat of Carter Glass, who
was badly beaten in his senate fight.Relatives of the late Senator Daniel
seem to desire the seat held by Glass.
His son, Edward M. Daniel; his son-
in-law, Fred Harper, and his nephew,
Don P. Halsey, are already in the field.
It is also said that the crowd known
as the "machine" is after Glass' scalp.

Prevented a Hoodoo.

They have to be mighty careful about
the United States senate. While work-
men were engaged in fitting up the
private and exclusive dining parlor for
senators they were given lunch in the
rooms so that they could devote more
time to finishing the work.One day the keeper of the restaurant
found that thirteen workmen were sit-
ting down to luncheon. He was flab-
bergasted for a moment for fear that
"thirteen" would hoodoo the rooms, but
he rushed out and secured a policeman
to make fourteen and saved the new
dining resort.

Department Not Concerned.

The navy department is not concern-
ed about the portraits which adorn the
silverware a state may present to a
battleship. The department is wholly
impersonal in such matters.It did not reject the silver with the
portrait of Jefferson Davis for the Mis-
sissippi or the silver with the portrait
of Brigham Young for the Utah. Sec-
retary Meyer has had to decide both
questions, and he has said that the
states shall decide.Curiously enough there is not the
feeling against men like Jefferson Da-
vis and Brigham Young that there was
two score years ago. As types of very
able men they are recognized. As time
recedes we measure men by their
ability rather than the positions they
have taken.

Democrat in Charge.

For the first time in eighteen years a
Democrat is in charge of the Congres-
sional Directory, the principal duty be-
ing the collection of congressional bi-
ographies—that is, what each congress-
man has to say about himself in the
third person.Sometimes these biographies make
very interesting reading, as congress-
men are not always modest in describ-
ing their deeds and virtues.

riding eighteen feet below water.SARAH BERNHARDT.

SARAH BERNHARDT TO WED

Aged Actress to Become Bride of Man
of Twenty-six.Paris, Nov. 21.—Sarah Bernhardt,
the famous actress, is shortly to be
married to Lou Telegan, a Flemish
actor, twenty-six years old, who played
subordinate parts in Bernhardt's com-
pany during her last American tour.Mme. Bernhardt is the widow of
Jacques Damala, whom she married
in 1882. He died in 1889. Her honey-
moon lasted but a few months. She
quarreled with Damala and they sepa-
rated without any apparent regret on
Sarah's part.Bernhardt, in her "memoirs," says
she was born of Jewish parentage in
Paris at 265 Rue St. Honoré, Oct. 22,
1844, but in her infancy was baptized
as a Roman Catholic.The famous actress is a grand-
mother. Two years ago Mlle. Simone

her son Maurice, married Edgar Gros
of Paris. Her son Maurice is forty-six

TROOPS ON BORDERPrepares to Place Immense
Force in the Field.Mexico City, Nov. 21.—Orders to
mobilize 25,000 men in a zone paral-
leling the northern boundary line was is-
sued by the war department. The
government is yet skeptical concern-
ing the inauguration of the Reyes-Vas-
quezta revolution, but should it be be-
gun President Madero and his cabi-
net believe the army would be suf-
ficient to check it.All these troops will be under the
order of General Geronimo Trevino,
with headquarters at Monterey. The
chief of operations will be General
Guilvinio Robles, now at Torreón, in
command of a thousand men who are
being held in that city as a result of
the strike.The rurales and volunteers will be
under command of Colonel Francisco
Naranjo. With the exception of the
rurales, most of whom will remain in
the states of Durango and Chihuahua,
the regular forces are almost equally
divided between infantry and cavalry.
In addition 2,400 volunteers of the
state of Nuevo Leon, now under the
command of Naranjo, have been de-
tailed for service along the frontier.Orders to the artillery have been
limited to two batteries of mountain
artillery of four guns each and four
batteries of machine guns of two guns
each. A corps of engineers and a
medical corps will also be sent into
the field immediately.

WORKING AGAINST REVOLT

American Officer Captures Three
Mexicans and War Supplies.Washington, Nov. 21.—The war de-
partment is moving with a degree of
energy heretofore unknown in dealing
with the incipient rebellion in Texas
against President Madero's govern-
ment in Mexico. Secretary Stimson
received a telegram from General Dun-
can stating that Major Hagedorn, com-
manding a battalion of the Twenty-
third infantry, had captured at Laredo
Juan Merigo, a captain, and two pri-
vates of a company being organized
for revolutionary service in Mexico.Major Hagedorn also captured forty
guns, 20,000 rounds of ammunition and
fifty dynamite bombs.

Murderer of Man and Woman Sen-

gart, you can be thankful that capital
punishment has been abolished in Min-

Anoka county when Dygart pleaded
guilty to the murder of Mrs. Frank E.
Rhodes and her cousin, Frank E.
Rhodes, on the Bolton farm, near
Anoka, Sept. 10."Can't we have it back again?" That
would suit me," retorted Dygart.He was at once sentenced to the
state prison for life.These statements followed Dygart's
cold blooded avowal to the court of
those crimes and the murder of John
Hofetede in Poplar, Wis.PACKERS PLAN

County CommissionersThe growth of the mining industry

another producer to the list of 1912
shippers.Two miles northwest of this point

ran the first hotel in Cuyuna and
then established the first hotel in
Ironton.At Ironhub, where the Soo ore
trains are assembled on the north
Cuyuna range John Hagberg has made
application for a license. Ironhub is

Had Votes to Elect Lorimer.

Chicago, Nov. 21.—George W. Al-
schuler, present Democratic minority
leader in the lower house of the Illi-
nois legislature, told the senatorial
investigating committee that on May
26, 1909, Lee O'Neil Browne, then mi-
nority leader, said "sufficient votes for
William Lorimer for United States
senator had been secured to insure his
election." Lorimer was elected a few
hours later.

Brainerd Opera House

The inauguration of Houseville at
the Brainerd opera house tonight
will without doubt call out a large
audience, and Manager Tom Brown
states that he has secured acts which
will prove satisfying and entertain-
ing. In fact the two acts come to
the house after winning success on all
sections of the vaudeville circuit and
are rated as headliners. The trio,
Casad, Irvin and Casad, put on a com-
edy skit which deals with everyday
life on a railroad and is replete with
clean, wholesome and laughter pro-
voking comedy. It is an act which
will leave pleasant memories and
take the mind off the cares and vexa-
tions of every day life. Little Oig-
ga, who stages an arial and gymnastic
novelty, is known wherever vaude-
ville prevails and can always be
counted to give something worth
while. Her act is artistic as well as
sensational. The program will also
include a program of pictures DeLux
and has been specially selected for
the evening.May Try for Continuance When

SEVERAL RUMORS SPRING UP

Indicted Men Are Believed to Be
Scheming for Short Cut to the Uni-
ted States Supreme Court—Govern-
ment Attorneys Look for Demand
for Individual Trials for Each of the
Ten Defendants.Chicago, Nov. 21.—Prospects of a
sudden and unlooked for move on the
part of the indicted Chicago packers
to delay their trial beyond Wednes-
day of this week, to which date it
was postponed by United States Dis-
trict Judge George A. Carpenter, in-
creased after an extended conference
between counsel for the meat dealers.Several rumors have sprung up re-
garding what the move is to be. That
which seems likely, and has been semi-
officially verified by one interested in
the National Packing company, is that
the packers will appear for trial
Wednesday, then ask Judge Carpenter
for a continuance.This would be based on a plea that
the packers desire to follow a short
cut to the supreme court.Government attorneys were disin-
clined to credit this report, believing
that a Fabian policy would be en-
gineered by the packers on the basis of
a demand for individual trials for each
of the ten defendants.Should the packers ask the contin-
uance in open court several days prob-
ably would be consumed in argument.
Since the federal supreme court has
adjourned until Dec. 4 two courses
would be open to the packers in mak-
ing an appeal to Judge Carpenter for
more time. One would be to advise
him that upon notice to the govern-
ment the defendants would ask Su-
preme Justice Day for a stay. An-
other, and the one hinted at by a
person interested in the National
Packing company, is that the appeal
be made direct for a continuance until
after Dec. 4, probably for sixty days,
while the case is threshed out before
the highest court in the land.An attorney for the packers an-
nounced after the conference that
there would be no secret moves made,
but he confirmed the report that "sudden
and surprising" action would fol-
low.

The records made in raising potatoes, corn, oats, timothy and other crops have stimulated other farmers to let the Dispatch know how good fortune smiled on their crops this year. J. W. Sewall, living on the George Bane farm, on the east Oak street road, raised 250 bushels of potatoes on three-quarter acres of ground. Charles Carlson, of Clearwater lake, raised 325 bushels of potatoes on one acre of ground on his large farm. His corn went 50 bushels to the acre. It all helps to make up the proud fact that Crow Wing county can raise crops when southern Minnesota runs short.

CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Upset Stomach, Lazy Liver or Constipated Bowels by Morning

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway through these alimentary or drainage organs every few days with Salts, Cathartic pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Nature Colors Its Products

History and science tell of colored rainfalls which have fallen in different parts of the world, and some people have doubted the claim. It is a fact, however, that sometimes bright red rain falls, although it is very uncommon. The color is due to the presence of most minute little scarlet organisms—animal life—which permeates the whole condensation.

One of Oldest Northern Pacific Railway Conductors Has a Close Call at Hinckley

J. W. Sargent, one of the oldest passenger conductors on the Northern Pacific railway and well known in Brainerd, had an exceptionally narrow escape from being mangled under the wheels of his train at the Hinckley depot.

Mr. Sargent stepped off the train while it was in motion, slipped on the icy platform of the depot and rolled under the train. With rare presence of mind he threw up his arm and fortunately caught on a brace rod, to which he hung while being dragged fully 150 feet with his legs almost under the wheels and on the rail. He was somewhat bruised but took his train out.

CROW WING COUNTY FAIR MEETING

Directors of the Agricultural Association Held Their Annual Meeting in Pequot Monday

R. R. WISE IS A DIRECTOR

Reports Read Show the Society in a Most Flourishing Condition—Improvements to be Made

The Crow Wing County Agricultural association held its annual meeting in Pequot on Monday afternoon and all the directors were present.

The reports of the various officers were read and show the society to be in a most flourishing condition. The last fair held was a winner and attracted much favorable attention and a great deal of newspaper mention.

The president of the association is Gardner Stevens, a Minneapolis man who owns large land interests at and near Pequot and is deeply interested in the material welfare and progress of Crow Wing county.

"We favored Brainerd as much as we could," said Mr. Stevens in an interview today, "and we had a Brainerd band and baseball team at the fair grounds and were glad to see so many Brainerd people in attendance. The directors further evinced their friendliness towards Brainerd by placing one of your prominent citizens, Hon. R. R. Wise, on the board of directors."

The election of officers resulted as follows:

President—Gardner Stevens.
Vice President—W. H. Cloud.
Secretary—Frank Ford.
Treasurer—Dr. J. H. Sandberg.
Directors—Abraham Larson, R. R. Wise, J. G. Thurlow and C. W. Woodworth.

Gardner Stevens owns the Hotel Clinton in Minneapolis but spends as much time in Pequot as he does in the Twin Cities. W. H. Cloud is the cashier of a bank in Pequot. Frank Ford is with the A. L. Cole Co. Dr. Sandberg is a well known physician of Pequot. Abraham Larson is a

farmer. J. G. Thurlow is a hardware merchant and C. W. Woodworth conducts a general store. R. R. Wise, of Brainerd, is well known as a public spirited citizen of the county seat and is deeply interested in farming, his Long Lake farm being managed with the care and attention which shows results in large crops.

The association has purchased 18 acres of land and will put up buildings so that most of the fair will be under cover and like the big state fair, rain will not materially interfere with the attendance.

"I am going to see too," said President Gardner, as he boarded the train for his home, "that Brainerd gets more of the printing. There is no use in having the printing done outside of our county."

Card of Thanks

We wish to thank our friends and neighbors and the members of the various orders who were all so kind to my late husband in his last illness and who sympathized with us in our deep distress and sad affliction.

Mrs. Fred Stillings and Family.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

R. R. WISE IS A DIRECTOR

Reports Read Show the Society in a Most Flourishing Condition—Improvements to be Made

The Crow Wing County Agricultural association held its annual meeting in Pequot on Monday afternoon and all the directors were present.

The reports of the various officers were read and show the society to be in a most flourishing condition. The last fair held was a winner and attracted much favorable attention and a great deal of newspaper mention.

The president of the association is Gardner Stevens, a Minneapolis man who owns large land interests at and near Pequot and is deeply interested in the material welfare and progress of Crow Wing county.

"We favored Brainerd as much as we could," said Mr. Stevens in an interview today, "and we had a Brainerd band and baseball team at the fair grounds and were glad to see so many Brainerd people in attendance. The directors further evinced their friendliness towards Brainerd by placing one of your prominent citizens, Hon. R. R. Wise, on the board of directors."

The election of officers resulted as follows:

President—Gardner Stevens.
Vice President—W. H. Cloud.
Secretary—Frank Ford.
Treasurer—Dr. J. H. Sandberg.
Directors—Abraham Larson, R. R. Wise, J. G. Thurlow and C. W. Woodworth.

Gardner Stevens owns the Hotel Clinton in Minneapolis but spends as much time in Pequot as he does in the Twin Cities. W. H. Cloud is the cashier of a bank in Pequot. Frank Ford is with the A. L. Cole Co. Dr. Sandberg is a well known physician of Pequot. Abraham Larson is a

farmer. J. G. Thurlow is a hardware merchant and C. W. Woodworth conducts a general store. R. R. Wise, of Brainerd, is well known as a public spirited citizen of the county seat and is deeply interested in farming, his Long Lake farm being managed with the care and attention which shows results in large crops.

The association has purchased 18 acres of land and will put up buildings so that most of the fair will be under cover and like the big state fair, rain will not materially interfere with the attendance.

"I am going to see too," said President Gardner, as he boarded the train for his home, "that Brainerd gets more of the printing. There is no use in having the printing done outside of our county."

Card of Thanks

We wish to thank our friends and neighbors and the members of the various orders who were all so kind to my late husband in his last illness and who sympathized with us in our deep distress and sad affliction.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Remedies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Remedies at our risk. Three sizes of packages, 10c, 25c, and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

The Perfection Heater burns nine hours on one filling and is always ready for use. You can move it anywhere it is needed. There is no waste of fuel and heat warming unoccupied rooms. Just the heat you want, when and where you want it.

The Perfection is fitted with an automatic-locking flame spreader that prevents the wick being turned high enough to smoke and is easy to remove and drop back when cleaning.
